

The Canandaigua array is a 2.48913 MW-DC photovoltaic solar array located in Canandaigua, NY. It features nearly 8,360 active fixed tilt solar panels and is providing energy to the city of Canandaigua for the next 25 years under an agreed upon power purchase agreement (PPA). AEP OnSite Partners built, owns, and operates this solar array.

FACTS AT A GLANCE

Project Name	Canandaigua	MW-DC	2.48913
Project Location	Canandaigua, NY	MW-AC	1.98
Status	Operating	Tracking/Fixed Tilt	Fixed Tilt
Commercial Operation	December 2017	Panel Count	8,360
EPC	RER Energy Group	Panel OEM	REC
Owner	AEP Onsite Partners	Inverter(s)	36kW (55)
Operator	AEP Onsite Partners	Inverter OEM	Chintpower
Customer	City of Canandaigua, NY	PPA	Yes
Project Type	Solar PV	PPA Length	25 Years
